Upon completion of the project, the Applicant must submit a summary of project costs to MDA. This summary must be independently verified by a Certified Public Accountant, or another independent third party approved by the MDA. The Applicant will pay the costs for this verification.

REBATE PAYMENTS

MDA, with the assistance of the Mississippi Department of Revenue, will determine the amount of sales tax collected at the tourism-oriented enterprise that may be diverted to the applicant. The amount of Rebate payments will be equal to 80% of the amount of sales tax revenue collected from businesses owned by the project. These payments will be limited to 30% of the approved project costs funded from private sources or for a rebate term of up to fifteen (15) years for projects approved on or after July 1, 2013, whichever threshold occurs first.

To begin the rebate process, after the project costs are submitted, the Applicant must provide the MDA with a listing of all Sales Tax Accounts and Account Numbers related to the project. The Mississippi Department of Revenue will be provided these accounts and will begin making the required diversions into the Tourism Project Sales Tax Incentive Fund the month following notification. Rebate Payments from the fund will be made each January and July to Applicants that are eligible for rebates.

APPLICATION PROCESS

All Mississippi Tourism Rebate Program documents may be obtained from MDA. The applicant must submit a completed application and a non-refundable application fee of \$5,000 to MDA to initiate the review process. MDA will make a preliminary review of the application to determine if the tourism project meets the basic program requirements. Items that must be submitted with the application are:

- Plans and a detailed description of the proposed project;
- A summary of the anticipated project costs, along with supporting documentation to support the cost estimates;
- The method of financing to be used for the project, including financing terms;
- An independent study that identifies the projected number of out-of-state visitors and provides the ratio of in-state to out-of state visitors anticipated; and
- A resolution from the local governmental unit that acknowledges that no city diversion will be received on the sales tax collections and that the community supports the project location and plan.

APPROVAL PROCESS

Upon determination that all program requirements are met, a Mississippi Tourism Rebate Program Certificate (Mississippi Tourism Rebate Program Certificate) will be issued. The provision of each Certificate will include:

- The amount of the approved project costs and the maximum rebate available.
- A date by which the applicant must complete the tourism project (the Completion Date).
- A rebate term of fifteen (15) years (projects approved on or after July 1, 2013) from the completion date or the date on which 30% of the approved project costs has been rebated to the applicant, whichever threshold is met first.

ADMINISTRATION OF BENEFITS

Within three (3) months after the Completion Date, the Applicant must document the actual cost of the tourism project through a certification (Completion Certificate) of such costs by an independent certified public accountant or other independent party acceptable to the MDA. The Completion Date must be within 24 months following the Mississippi Tourism Rebate Program Certificate date, unless an extension is granted. The Approved Project Costs allowed for the tourism project will be the lesser of the actual costs as certified or the approved project cost provided on the application. Approved project costs may not increase regardless of the actual costs incurred by the project.

After MDA receives the Completion Certificate and the actual project costs are confirmed, a Mississippi Tourism Rebate Agreement shall be executed between the applicant and MDA. Such agreement shall specify:

- The approved tourism project will not receive a rebate, if in any calendar year following the Completion Date, the tourism project is not operating and open to the public on a regular and consistent basis.
- The Agreement shall not be transferable or assignable by the applicant without the written consent of the Executive Director of MDA.
- The approved applicant will supply MDA with such reports and certifications as the MDA may request demonstrating to the satisfaction of the Director that the approved applicant is in compliance with the provisions of the Act and Agreement.
- The approved Applicant is responsible for supplying all sales tax account numbers for the project to the MDA. **No rebate payments will be made for the project until one month after receipt of the account numbers by MDA. The Applicant must supply account numbers that are added or changed in order to receive rebate payments from the accounts.**

MDA will notify the Mississippi Department of Revenue of the approved tourism project through the issuance of the Mississippi Tourism Rebate Program Certificate. Upon full execution of the Tourism Rebate Agreement, MDA will provide a copy to the Department of Revenue and the Department of Revenue shall deposit eligible sales tax collections into the Mississippi Tourism Rebate Program Sales Tax Rebate Fund.

MDA shall determine, based on the Completion Certificate, the maximum amount of benefits the Applicant may receive. MDA shall make benefit payments in January and July of each year until the full credit is reached or up to fifteen (15) years for projects approved on or after July 1, 2013, whichever occurs first.

PROGRAM GUIDELINE AMENDMENTS AND WAIVERS

These guidelines may be amended by MDA at anytime. MDA, in its discretion, may temporarily waive any requirement of these guidelines to the extent that the result of such waiver is to promote the public purpose of the Act and is not prohibited by State laws.
